- F4** Entry Sell

The screenshot shows the S21 .NET Internet Trading application interface. The main window is titled "Live Trade" and contains a table with columns: Time, Code, Price, Lot, Buyer Type, Buyer, and Sell. Below this is the "RT Order" window with a table of orders:

Order ID	Client Order ID	Order Date	Market ID	Board ID
4810		02/21/08	BEJ	RG
4811	1	02/21/08	BEJ	RG
4812	2	02/21/08	BEJ	RG

The "Client Portfolio" window shows account details for "Client" with fields for Phone, Fax, HP, Credit Limit (100,000,000), Cash Margin (200), Collateral Limit (999,999,999,999), Stock Margin (100), Short Limit (999,999,999,999), Margin Ratio (0), Max Trade Limit (100,000,000), and Min Trade Limit (50,000,000).

The "Stock View" window displays a list of stocks with columns: Code, Name, Open, Last, and H. The "Best Quote" window for stock "KIIJA" shows a table of orders:

#Ord	Lot	Bid	Offer	Lot	#Ord
4	2460	183	184	1403	5
26	12666	182	185	7898	39
20	16750	181	186	12334	46
39	31757	180	187	16346	61
19	11190	179	188	18879	70
19	8682	178	189	31125	52
15	13155	177	190	63320	137
4	3045	176	191	11940	11
17	4815	175	192	9142	22
3	259	171	193	1145	9

The "Trade List" window shows a table with columns: Market Trade..., Trade Time, and Board ID. At the bottom right, there is a small grid of numbers:

2041	62
12882	215
4178	37
14152	204

At the bottom of the application, the status bar reads: "Server Connected : 16:20:41 RT Server Connected".
